Welcome SwiftDialer

SwiftDialer is a universal app supporting almost all Symbian 3rd & 5th edition phones (this works on every network except DU in UAE). New dialer includes:

- Combined 5th and 3rd edition phone support
- Stability enhancements
- Call quality upgrades

Download Sites:

- Download from any Pamir Telecom reseller branded website https://www.talkrightnow.com , https:// www.polyvoip.com , www.provoiz.com , www.notoll.com , www.yourpccalls.com

- Download direct from https://www.swiftdialer.com
- Download direct from the DOWNLOADS tab of your reseller panel.

If you need assistance, please see LIVE HELP technical support. In your service, Pamir Networks Team.
